**Good Luck WMA dogs and handlers!**

THIS weekend is the AKC trial sponsored by The Agility Club of New Hampshire at AK9C. Julie will be the Novice Mentor at this trial. She will help you fill out your form and get your armband number if your dog needs to be measured.

\*Remember your AKC registration number for the measurement form!

Thinking about Trialing? Why not start with CPE? Jemma and Sharon did!

#### CPE – Canine Performance Events

CPE's philosophy is for the dog and handler to have FUN while earning titles. Many people start out in CPE because they have heard it is easier, and at the beginning level it certainly is!! Level One has no weaves, no see-saw and Standard Course Times (SCT) are so generous that your dog can sniff, run amok, even jump out of the ring and back in and still Q. I should know, Gemma has done all of the above! There are 6 levels in CPE, 1-5 and C (championship). Level One titles are quite easy to earn, it only takes 2 Q's in standard and one Q in each of the others. One huge difference between CPE and other venues, and the reason I have chosen it, is the variety of classes. I love all the games!! In addition to standard, there are 6 additional classes to play in. In a typical two day trial there will be a standard run each day as well as three "games". So in a two day trial, you can compete in standard each day, but the other 3 classes will be different each day! Jumpers is considered a game and has only tunnels and jumps – it is very fast!!
